

Senses Calm Harmony

Senses Rustic Vibrance

Let nature inside your soul.

Exceptional design

Our Senses collection combines the beauty and warmth of a real wood surface with the resilience of a floor that's easy to install and maintain. Our strong wood floors are created using tried-and-true innovations such as ultimtec – a solvent-free, ultra-resistant varnish with all the advantages of an oiled parquet floor; and AluLoc Prime, the strongest locking system that's extra-easy to install.

Unparalleled elegance

The Senses collection features select oak decors, with both refined and elegant choices, but also more rugged, natural wood looks. These magnificent, XL-sized floors are made to impress and uplift the mood in any room, inspiring and invigorating you. Feel the natural majesty of Senses in a floor that stirs your emotions.

Close to nature

A Senses floor will bring you a step closer to nature in every possible way. Made from real oak, this floor is created with the conscious and careful management of premium quality materials. Every single plank comes is sourced from responsibly managed forestry with the goal to keep resources in perfect balance. Senses is our promise of a more sustainable wood floor – a floor that's made to last.

strong wood floors.

An abundance of sensations.

Feel the sun on your face. The warmth of your floor. The touch of real wood, surrounded by comforting sounds and the smell of home. Take a moment to reconnect with your soul and draw power from the nature outside – and the comfort within. Find balance in BerryAlloc's first **strong wood floors collection, Senses**. Strong, yet gentle. Peaceful, but powerful. A beautiful blend of sensations to revitalise you. To re-energise you. To bring you home.

Senses Rustic Balance

Soothing oak and gentle wood tones to suit any home. Want something subtle and discreet? Choose Calm, with its harmonious and regular markings: ideal for peaceful spaces. Or go for Rustic, with a livelier, more energetic feel that'll stand out in any room. Remember, this is a natural product, and nature lives! Each plank is unique with its own singularities and shade variations, and will be affected by exposure to light. Watch your floor grow along with your spirit.

Pick your colour.

Calm.

Elegant, discreet oak. Homogeneous with regular lines and low colour variations.

Ultimtec®. Easy beauty

The subtle beauty of an oiled parquet meets the easy care of a varnished wood floor. Ultimtec, BerryAlloc's solvent-free varnish offers an exceptionally matt finish that's especially resistant to scratches and wear and tear. Easy to clean and easy to maintain, our strong wood floors are not only naturally beautiful, but long-lasting too.

AluLoc Prime. A stronger, more sustainable lock

AluLoc Prime, our unique and patented aluminium locking system adds extra strength to our strong wood floors – in fact, it can hold up to 1200 kg per linear metre and requires no transition profiles for areas up to 15 x 15 m. Plus, we've enhanced the lock on the short side with improved recyclability and support for an even stronger, more sustainable lock.

This innovative, fold-down lock requires no extra installation tools and the addition of the integrated SilentSystem underlay means you can install these floors directly onto the subfloor. Can it get any easier?

4

All four bevels.

The planks in our Senses collection all have fully bevelled edges, to highlight a gorgeous plank effect.

SilentSystem for an easy installation.

All-in-one for a smooth and simple installation: with a built-in underlay connected to the floorboard, you won't have to worry about choosing and installing a separate underlay. Plus, it's sound-absorbing, reducing noise by more than 19 decibels.

Connect the power of nature with the warmth in your home.

It's all in the details.

Matching T-profile

Get a smooth transition between each room with a matching T-profile. Subtle, stylish, and all part of that perfect finish.

Adjustable height
2350 x 44 x 11 mm
(L x W x H)

Wood floors may vary from a seen wood sample. Wood is a living material, each plank is unique. The patterns, singularities, and colour variations created by nature are completely normal.
