BERRY  ALLOC

**For those  
'strength  
in nature'  
moments.**

 innovative varnish  
**ultimtec®**

strong wood floors.

# Let nature inside your soul.

## **Exceptional design.**

Our Parqwood collection combines the beauty and warmth of a real wood surface with the resilience of a floor that's easy to install and maintain. Our strong wood floors are created using tried-and-true innovations such as ultimtec – a solvent-free, ultra-resistant varnish with all the advantages of an oiled parquet floor, making it easy to clean and maintain.

## **Close to nature.**

Like any wood veneer floor, every Parqwood plank is unique and brings warmth and well-being inside your home. It's impact resistant and easy to maintain, so no renovation or sanding necessary. Plus, our strong wood floors are extremely durable and responsible: they cover up to ten times more floor surface with the same amount of wood that's needed for a parquet floor. Locally made in France, with love.

relax, it's BerryAlloc

Parqwood Nude Naturel

**real oak surface, a premium parquet finish with a choice of select woods and design plank formats.**

As with solid wood flooring, each plank is unique, bringing warmth and well-being to any interior.

**durable, resistant, and easy to live.**

No need to renovate or sand, maintenance-free, superior impact resistance. Ultimtec lacquer with an ultra-natural and resistant finish.

**optimisation of natural resources.**

10x more surface area compared to parquet for the same use. Made in France, in Meaulne.

# Your wood choice: exactly what you need, and how it should be.

Parqwood Nature Calm

Soothing oak and gentle wood tones to suit any home. Want something subtle and discreet? Choose Calm, with its harmonious and regular markings: ideal for peaceful spaces. Or go for Natural, with a livelier, more energetic feel that'll stand out in any room. Remember, this is a natural product, and nature lives! Each plank is unique with its own singularities and shade variations, and will be affected by exposure to light. Watch your floor grow along with your spirit.

**parqwood XXL Long** 2200 x 210 x 10 mm

1. UltimteC surface treatment
2. Wood surface: oak 0.6 mm
3. HDF core

# ultimteC® : Easy beauty.

The subtle beauty of an oiled parquet meets the easy care of a varnished wood floor. UltimteC, BerryAlloc's solvent-free varnish offers an exceptionally matt finish that's especially resistant to scratches and wear and tear.

Easy to clean and easy to maintain, our strong wood floors are not only naturally beautiful, but long-lasting too.

## Strong structure: An easy and quick installation.

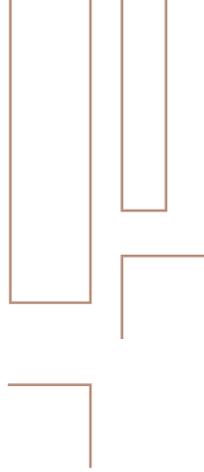

Thanks to the dimensional stability and high density of the HDF core.

Resonance in room reduced by mass effect (875 kg/m<sup>3</sup>)

Compatible with underfloor heating due to improved heat transmission of the HDF core.

# Wood: endless beauty, maximum strength.

## It's all in the details.

### Installation accessories

Two installation options: floating or glued
